Section I – Regular Meetings

The GAC of OPWFT Inc. shall meet once a month. Notice of meeting must be given to all members of the GAC at least one week prior to said meeting.

The following would be the revision/amendment-

ARTICLE X – MEETINGS AND QUORUM

Section I – Regular Meetings

The GAC of OPWFT Inc. shall meet once a month. Notice of meeting must be given to all members of the GAC at least one week prior to said meeting. The notice will be posted on the OPWFT Inc. web site.

All Executive Committee members are expected to attend every monthly meeting. If a member cannot be there due to a work-related or family emergency, they will notify the President or Vice President with as much advanced notice as possible. If an Executive Committee member misses a meeting with an unexcused absence, they will lose their voting privileges for the following meeting. If they miss two meetings with an unexcused absence, they will be asked to step down from the committee. Regardless of excused or unexcused absences, more than three will result in dismissal from the committee.

All auxiliary committee members should also plan to attend all monthly meetings. The same rules apply, however during the non-critical months of January through June; they are only required to attend meetings that pertain directly to their specialty area.

All head coaches, once officially appointed should plan to attend all monthly meetings. The month of April kicks off the recruiting and registration season, so all head coaches (if appointed for the upcoming season) should plan to attend from that point regularly. Between the months of April and June (if appointed for the upcoming season), either the head coach or a designated coach from his/her team must attend those meetings. During the main season from July through November, ALL head coaches are required to attend every monthly meeting. If they miss a meeting without an excused absence and don't send a representative, they may be subject to penalty issued by the Executive Committee, up to and including suspension.
